SHALL WE PLAY?

Welcome to Cocktail Trading Co!

If you've been with us before, you know the deal. Themed menus, outrageous vessels and all cocktails priced the same - £12.5

For this menu, we did some thinking about our bar's identity - we've never wanted to be overly serious and suck the fun out of drinks, usually referring to service as 'fun & games'...

...and we've never had a shift where no one played Jenga. And that got us thinking about games - what they mean to us as people, as a species, and how they often tie in with drinking.

There are a lot of ways to play any game, let alone how we choose to define them - and what follows is basically the most fun we could have doing so, as is the ultimate point of any game.

So, have a read, have a play, and simply have a jolly good time.

Team CTC x

A SPOT OF FOREPLAY

There's some stuff in this here menu, and it's a heap of fun to read. That said, if you just want a simple list of the drinks then that's fair play - next page.

On the other hand, if you've got a bit of time to kill and fancy doing so with something tasty in your hand, may we suggest:

Please note; these are abbreviated descriptions for ease.

Major allergens are listed in full on the individual drink pages.

LOTERIA PALOMA

BRIGHT, FIZZY, POWERFUL

2 PARTS | VOLCAN TEQUILA

1 PART | LIME SHERRY

3 PARTS | HOUSE GRAPEFRUIT SODA

Lying at the centre of the bingo-Tarot Venn, it's Loteria time, baby! Rather than calling out numbers, ya speak a little phrase to describe the card. Eg. instead of "La Botella", you might go with "The tool of the drunk"... which seems like as fine a place as any to drop a Paloma twist.

FTBS COSMO

TART, FRUITY, DÉLICIEUX DARLING

2 PARTS | BELVEDERE VODKA

1 PART | SAFFRON GRENADINE

1 PART | BLACK LIME & ROSE SHERBET

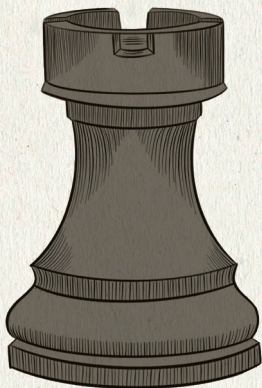

1 HEFTY GLUG | MOËT & CHANDON

Just as you can't do a Cosmo twist without reference to Sex and the City, the French clearly can't invent a parlour game without making us (and them) look like fools.

Bet they don't even play Charades. You should. We won't, but you should. We'll even give you prompts. Check the coaster.

QUININE'S GAMBIT

BOLD, BOOZY, BITTER

3 PARTS | DROPWORKS BRITISH RUM

2 PARTS | YUZU-CACAO VERMOUTH

2 PARTS | LUXARDO BITTER BIANCO

1 DASH | VANILLA-CARAWAY TINCTURE

*So look *big toke* - it's all about balance. If you're gonna be a chess-nerd, that's cool, but maybe do 10 pushups every time you touch the king. Speaking of royalty, you gotta leave time for yourself, even if you're on the clock. Life's a Negroni, my beautiful buds - it might be memorable for its occasional bitterness, but it's all just pieces on the board. Namaste, fellow pawnstars.*

S&L SIDECAR

RICH, PLEASING, EFFERVESCENT

2 PARTS | HENNESSY COGNAC

1 PART | PEPPERED PEAR SYRUP

3 PARTS | SPARKLING MOSCATEL

There y'are - finally at the peak - all that hard work about to pay off. Then some SNAKE slithers up and bites your heel like the little BITCH it is. Rock bottom for you, pal - better start climbing, and where's the snake, huh? HUH? At the top still - YOUR top, in your house, dreams and fictional partner. Goddamn this drink better taste good.

NAKED & INFAMOUS

A MARGARITA TWIST FOR
THE UNHINGED AMONG US

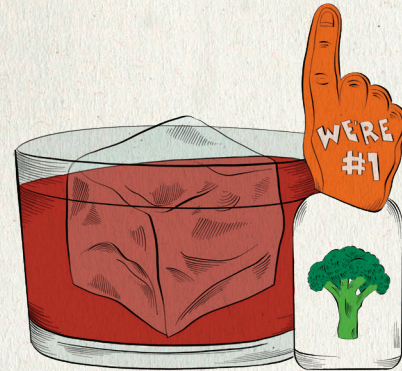

- 2 PARTS | CAZCABEL TEQUILA
- 1 PART | BRUXO MEZCAL
- 1 PART | MANGO-CILANTRO "TEPACHE"
- 1 SQUEEZE | SUPERLIME
- 2 PARTS | SCHWEPES SODA

Some of us aren't surprised we got a GTA-themed cocktail before we got another actual GTA game. For these cynics, recent years have taught simply to cosplay happiness until all the sidequests actually produce fulfilment. And y'know what, it works - be a part of the things you love, whether it's torturing Koroks or yourself with a hitless Sekiro playthrough. It's in the game.

SPORTS! MANHATTAN

LIKE YOU CHOSE AN OLD FASHIONED
INSTEAD OF DESSERT

- 3 PARTS | EVAN WILLIAMS BOURBON
- 1 PART | SMOKED AMARO VERMOUTH
- 1 SMOOSH | TOASTED BANANA
- 1 DROP | MAPLE-POPCORN-BACON BITTERS*

(*THERE'S NO ACTUAL BACON. OR BROCCOLI)

So we don't really know much about sports, but we do love the food & drink culture surrounding them - it all kinda makes sense then. Otherwise it's just "Babe Ruth swings the golf club through the hockey puck for a niner but Tom Brady's offside, bribed ref issuing a green card and WOAHH it's Ronaldo pommelling the horse for the touchdown go team go sports US NOT THEM". Cheers!

DUNGEONS

& DAIQUIRIS

**EMINENTE CLARO RUM
FRESH LIME SHERBET
YUZU-BERGAMOT WINE
ALL AS A STRONG
SLUSHIE**

**THE BASE BUILD IS
ALREADY PRETTY OP
AND DELICIOUS AS IS.
BUT IF YOU SO WISH,
YOUR CHARACTER IS
ELIGIBLE FOR A
SINGLE STAT BUFF -
CHOOSE WISELY...**

STRENGTH

**SPICED LIMONCELLO, CHERRY
BLOSSOM AND CONDENSED
MILK - QUITE A SPELLCASTER!
+10 VITALITY!**

DEXTERITY

**LIMBER UP!
TIME FOR LAVENDER, BLUEBERRY
AND THYME SHERRY TO PUMP
THAT AGILITY UP BY 10**

WISDOM

**INVIGORATING BLEND OF
MANGO, BASIL & PEPPER.
+10 INTELLIGENCE.**

**WELCOME, WEARY TRAVELLER,
TO THE COCKTAIL TRADING TAVERN!**

**PLEASE, SIT AND REST - YOU'LL REGAIN ANY LOST HP AND THE CUSHIONS
HAVE DIFFERENT DESIGNS AVAILABLE FOR BUT A MICROTRANSACTION,
WHILE THE GENERAL MERRIMENT DLC HAS BEEN DELAYED UNTIL FALL '26.**

IS IT CAKE?

**SPOILER, IT TASTES A LOT LIKE CAKE,
AND THAT'S AWESOME**

- 3 PARTS | MONKEY SHOULDER (CAKE)**
- 2 PARTS | SPICED COCONUT-PANDAN PUREE (CAKE)**
- 1 PART | GINGERBREAD SHERBET (CAKE)**
- 1 GLUG | PEDRO XIMINEZ (CAKE)**
- 1 WHIP | "PORNSTAR" FROSTING***
- *CONTAINS EGG & DAIRY**

We've been fooled - it's all cake. Shoes? Sponge. The iPad we watched that first video on - lightly frosted. The forest - gâteau. The bed you sleep in to escape it all - red velvet. There's nothing to be done - we've read that the cake is a lie, but only now can we see that the real falsehood is the existence of anything else.

CLUEDO CLUB

DEEP, LUSCIOUS, DANGEROUS

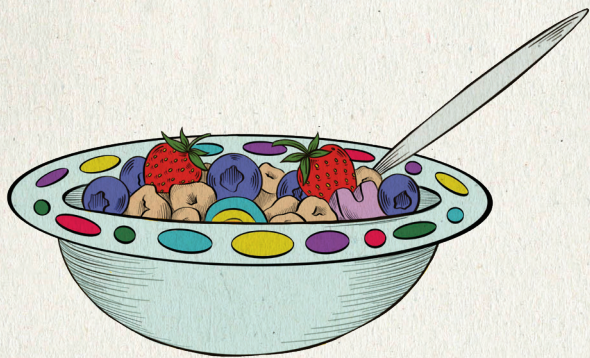

- 2 PARTS | HENDRICK'S GRAND CABARET GIN**
- 1 PART | HONEYED RINQUINQUIN PEACH**
- 1 PART | BLACKBERRY EARL GREY ORGEAT**
- 1 EGG WHITE**

There's nothing like playing Cluedo with your friends, as that person who's always been a bit too cool snorts at how you think they'd murder someone, like their sense of superiority here isn't SUPER CREEPY. Perhaps worse, though - excessive friendliness from someone you barely know. Say, how's the service this evening?

MID-MORNING GLORY

**THE OBLIGATORY MILK PUNCH
IYKYK - IF NOT, ASK!**

3 PARTS | DIMA'S VODKA

1 PART | "SOURED" PERE MAGLOIRE CALVADOS

2 PARTS | ACTUAL CINNABUN SYRUP

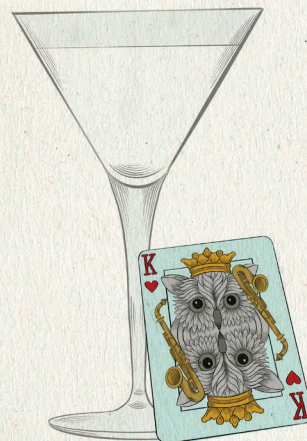

1 PART | YOGHURT WHEY

**This has all the allergens - dairy, eggs, gluten,
probably nuts and soy, hopefully not cats*

*Some days (weekends) you rise with that fire-in-the-belly feeling...
Other days, lucidity needs more encouragement. And what better
way than a crossword to transform you into a productive society
member from zombie-mode? Or better yet, Wordle, so everyone
can know you had braaaaaans for breakfast...*

CARELESS VESPER

**FOR THE SOPHISTICATED /
HARDENED MARTINI LOVER**

3 PARTS SIPSMITH GIN

1 PART MANCINO SAKURA

1 DASH GENMAICHA GREEN TEA

AN EXTRAORDINARY AMOUNT OF CHILL

*If you're gonna do a games menu, there needs to be poker, and what's
a cocktail list without a martini? Don't turn to Bond for advice here,
either - man's reckless - no way to treat martinis, or women.
Leave it to us - this one's spent the night in the only place colder
than Ms. Lynd's heart - a Williams LA-135 Undercounter
Freezer, so it's smoother than an impromptu sax solo.*

SQUID GAME

**EVOCATIVELY SWEET & SAVOURY,
SURPRISINGLY MOREISH.**

1 PART | NC'NEAN ORGANIC SCOTCH WHISKY

1 PART | CELERY-BAY LEAF CORDIAL

1 SPLASH | KOMBU DASHI

3 PARTS | CHERRY TOMATO SODA

1 SPURT | "SQUID INK"

So what's the longest game? Bridge with your nan? Pretending to care about our silly descriptions when all you wanted was a drink?

Close - it's systemic inequality. Squid Game was gloriously entertaining, but the revolution is not always televised, nor especially palatable, so how about a rather eccentric highball instead?

It's sharp and cutting, but not quite so much as a guillotine.

NOT ALCOHOL

Ya don't need to be boozin' to enjoy what we've been up to lately - we're constantly making new ingredients, and they naturally lend themselves to tasty alcohol-free numbers - all £6.50

HOUSE GRAPEFRUIT SODA -

With coriander seed & black pepper.

GINGER-LEMONGRASS "BEER" -

Fresh AF, topped with Schweppes soda.

CREAMY COCO-BOI -

SCRAN

BBQ CORN KERNELS - £2.5

BIG GREEN ITALIAN OLIVES - £2.5 (S)

SMOKED SALTY ALMONDS - £2.5 (N)

LOCAL SCOTCH EGG - £6.5 (G-E-S-SO)

BEEF & PORK SAUSAGE ROLL - £6.5 (G-E-S-SO)

G - GLUTEN/WHEAT

E - EGG/DAIRY

S - SULPHATES

N - NUTS

SO - SOY

BEER & CIDER

No draught - sorry! But we got cold cans and frosty glasses.

ASAHI - crushable, £5

40FT DISCO PILSNER - local, £6

40FT DALSTON SUNRISE - a bit more hipster, £6

CIDER - ask what's current, £6

ASAHI 0.0% - actually really good, £4

WINE

We keep it simple, with a single one of each.

RED, WHITE OR ROSÉ - £7.50 for a glass (175ml), £35 for the bottle.

PROSECCO - £7.50 for a glass (125ml), £40 bottle.

MOËT & CHANDON, £12.50 a glass (125ml), £70 bottle.

CHEEKY SHOT?

Pssst... all the shots are the same price,

literally anything off the bar for £6.50

But if that's too much choice, consider our favourites -

HOUSE BABY GUINNESS - coffee liqueur, salted rumchata (contains dairy).

RINQUINQUIN - it's just an incredible peach vermouth from France, easy.

BANANA HARVARD - banana Courvoisier, house vermouth, bitters.
